Several small teal circles are placed along these orbits, representing satellites or celestial bodies. The background is a dark navy blue, filled with numerous white stars of varying sizes and shapes, some appearing as simple dots and others as multi-pointed stars.

The Incident – Approved by F4

A Burl Production

What's up fool? I'm Burl.

Some of you liked my guide to Einhasad, but there were questions about The Incident.

The questions were mostly “What the fuck is it?” and “How dare you bring that up you Blacklisted spy!”

So I am here to welcome you to part 369 of our ongoing lecture series. In this part, we will talk about The Incident, and how its aftermath has changed the face of America for decades to come.

ENCORE ALLIANCE

The alliance that made Legendary their bitch

I'm over here now.

Before we get to The Incident, we need to talk about the Encore Alliance and how much cooler it was than Horde [REDACTED].

Best Cruma had an alliance without a name that was rad as fuck and owned fools.

Eventually we decided to name it Encore after [REDACTED] threw a fit over my idea for a Carebear theme.

██████████ will live forever in my
heart.

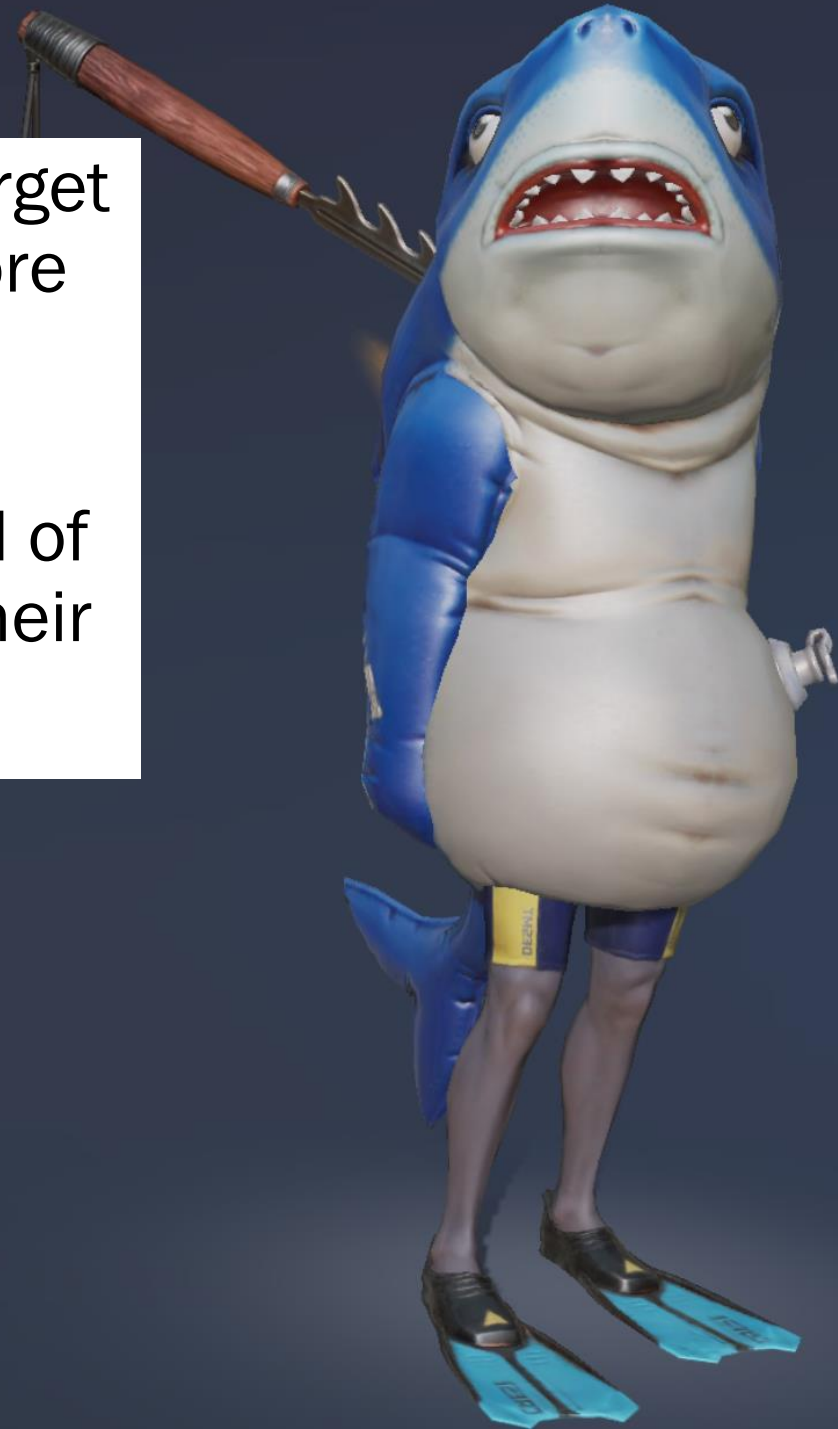

Encore consisted of,
Blacklisted
Inventors
Guild
Exiled#
War Temple

Fira and another clan that I forget the name of were also in Encore for a bit, but they left when I arrived.

I assume that they were afraid of me and decided to leave for their own safety.

The foundation for The Incident was cemented with the death of Inventors.

Now I don't know what happened for sure, but I heard that it involved [REDACTED] wanting to lead Inventors. Here is how I think that went down.

BL time mother fuckers

Inventors

Can I be leader now?

Yves

lol no

People fled Inventors for Redrum and Blacklisted, with the lower CP people going to Redrum.

PurpleCow took his sexy [REDACTED] to Exiled# because he is a rebel.

Yves stayed in Inventors and lived by himself for a while.

Inventors had a shitload of stuff in the clan storage, so I imagine that he was fine with this situation.

Here is a surveillance photo taken from the Inventors clan hall a few days after everyone was kicked out.

With a condensed roster of two high CP clans, 2 mid CP clans, and [REDACTED] Guild, Encore continued to dunk all over Leg and their allies like never before.

Encore owned both castles, and
Leg tried everything they could to
get one.

This included,
Countdowns

Blaming everything on Civic

This included,

This included,

Blaming everything on Civic

And eventually just merging every
clan in to Legendary

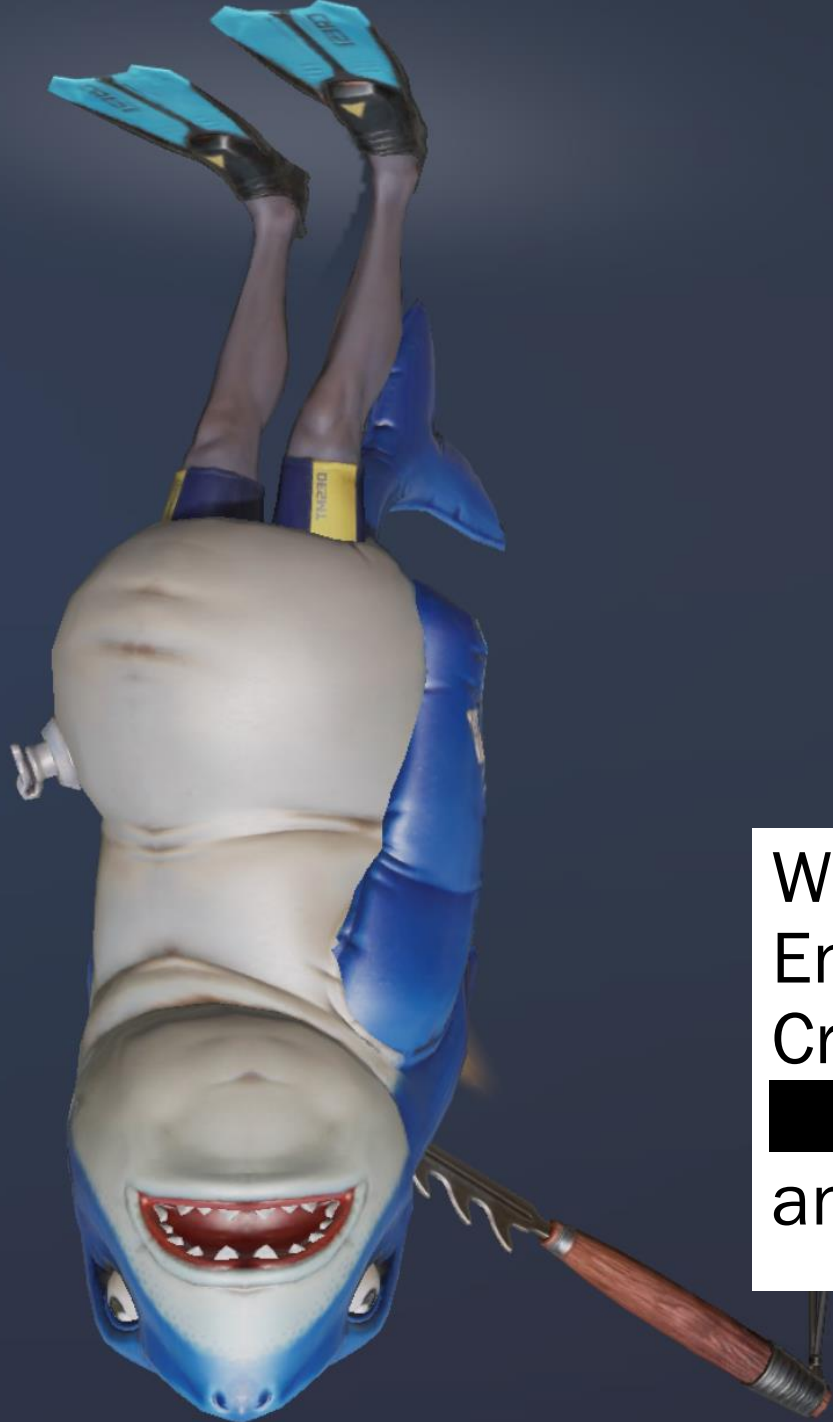

But Encore [REDACTED],
motherfucker.

Leadup to The Incident

[REDACTED]

With a server merger upcoming, Encore did the thing with Bad Cruma [REDACTED]
[REDACTED]: negotiate an alliance with the other server.

Now, I was an officer during this time, but Whut [REDACTED] only involved all of the other Guild officers in these negotiations.

The [REDACTED] Whut?

From my understanding of things, the options were as follows:

[REDACTED]

[REDACTED] ally

Friends4ever

[REDACTED]
[REDACTED] Encore decided to
become [REDACTED] friends [REDACTED] with F4.

Now [REDACTED],
there wasn't an official alliance
agreement between F4 and
Encore.

Instead, we had some “neutrality”
thing that was [REDACTED] clearly
defined.

This also meant that alliance
talks with F4 lasted past the
server merger [REDACTED]
[REDACTED]

Technically, negotiations lasted in to 2019.

Again, IP are [REDACTED] people.

This Encore-F4 neutrality pact
apparently worked

While the alliances were
“neutral,” F4 loved [REDACTED] them
some Encore [REDACTED].

It was really fun telling Guild “[REDACTED]
F4 are friendlies [REDACTED]
[REDACTED]”

Eventually Bl [REDACTED]
[REDACTED] went to war with F4.

The other clans in the alliance
reacted swiftly to BL's war.

GoW were like “ [REDACTED] IP are our
friends n’ shit”

Redrum backed BL [REDACTED]
[REDACTED]

The BL-F4 war put a strain on F4-
Encore relations

This all lead up to The Incident.

Dies

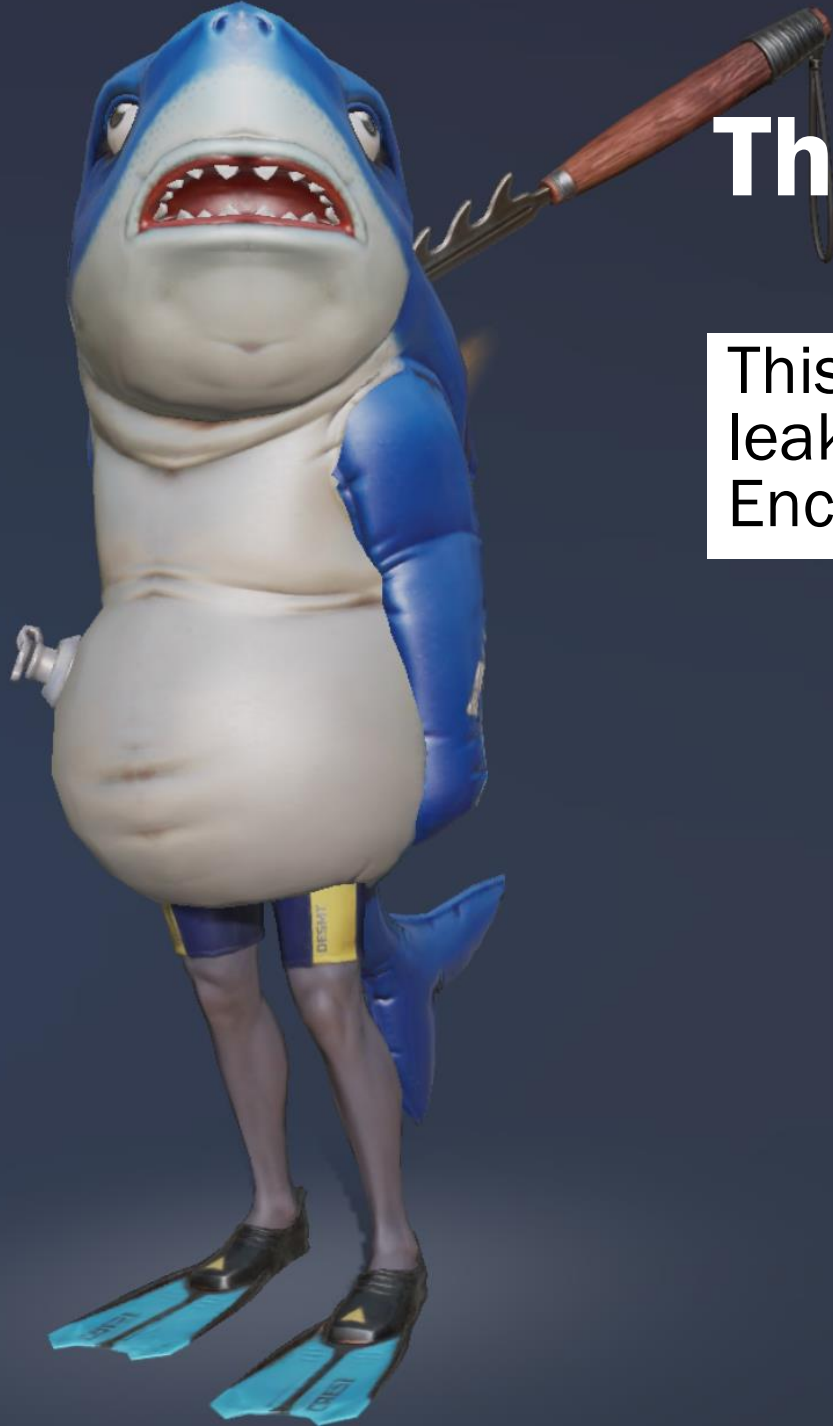

The [REDACTED] version

Wasn't that a wonderful story?

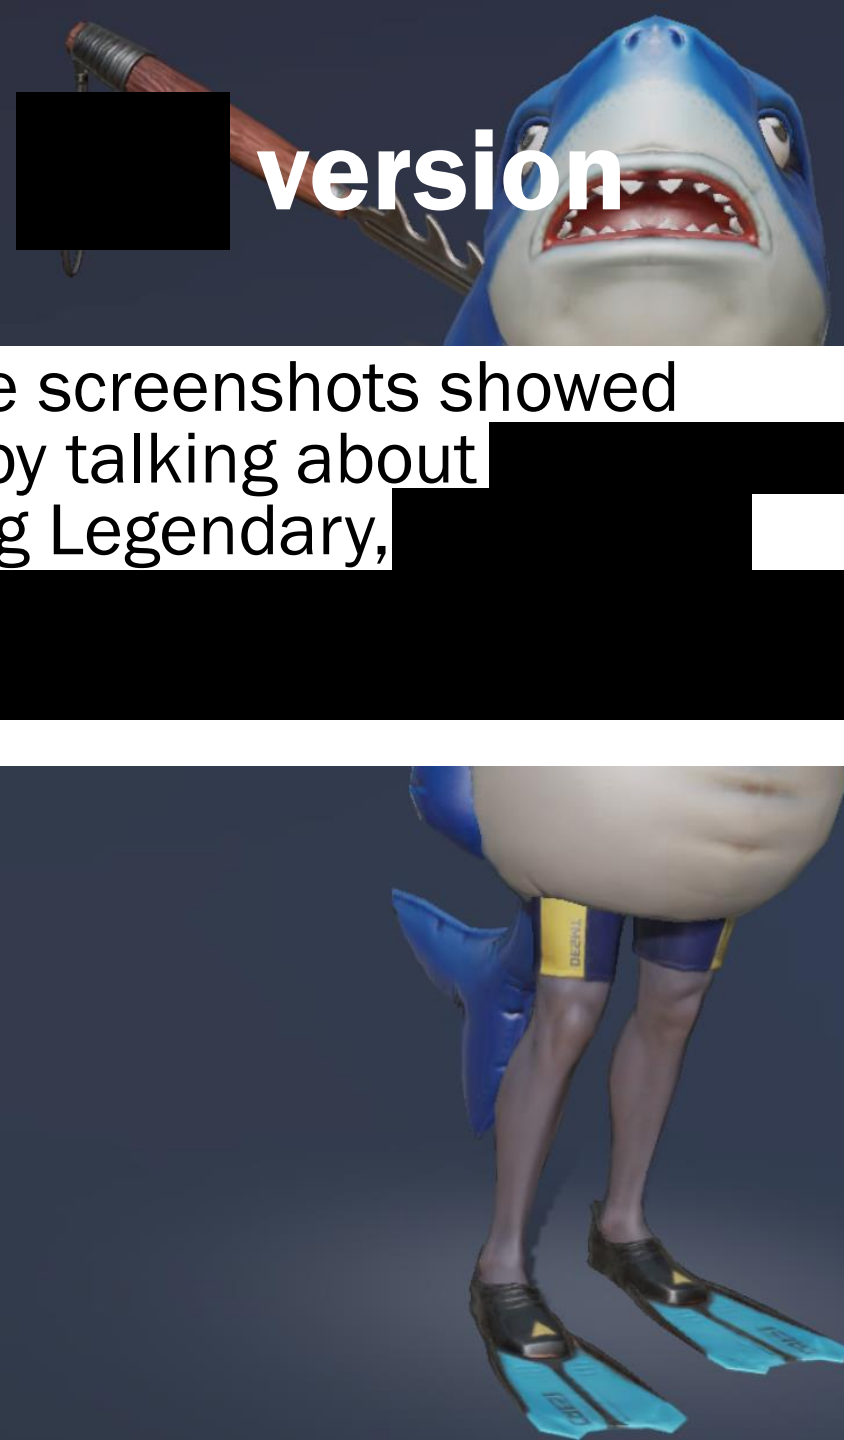

The [REDACTED] version

This story begins with a BL officer leaking discord screenshots to some Encore clan leaders.

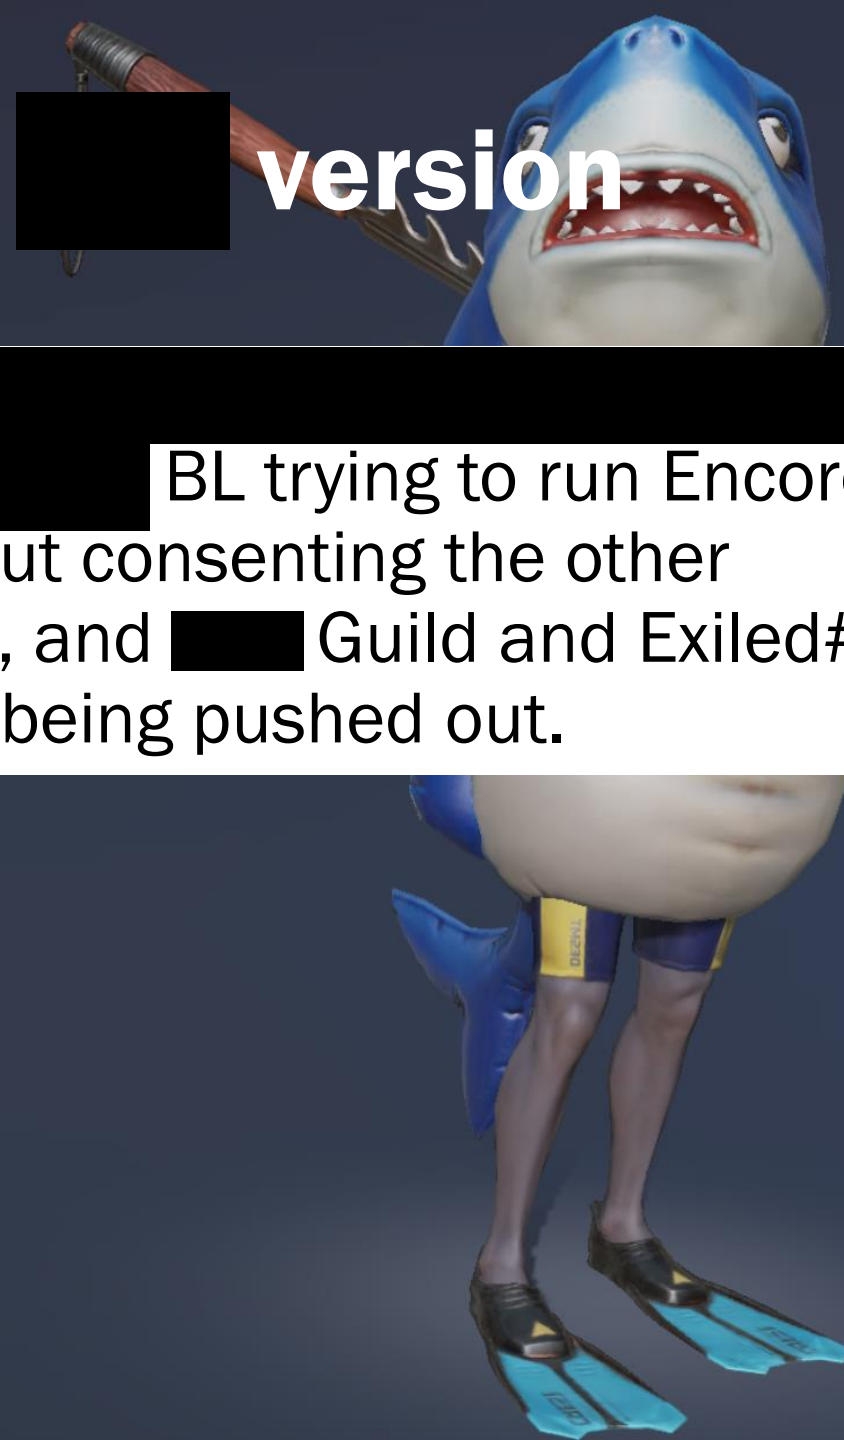

The [REDACTED] version

These screenshots showed
Cherby talking about [REDACTED]
allying Legendary, [REDACTED]
[REDACTED]

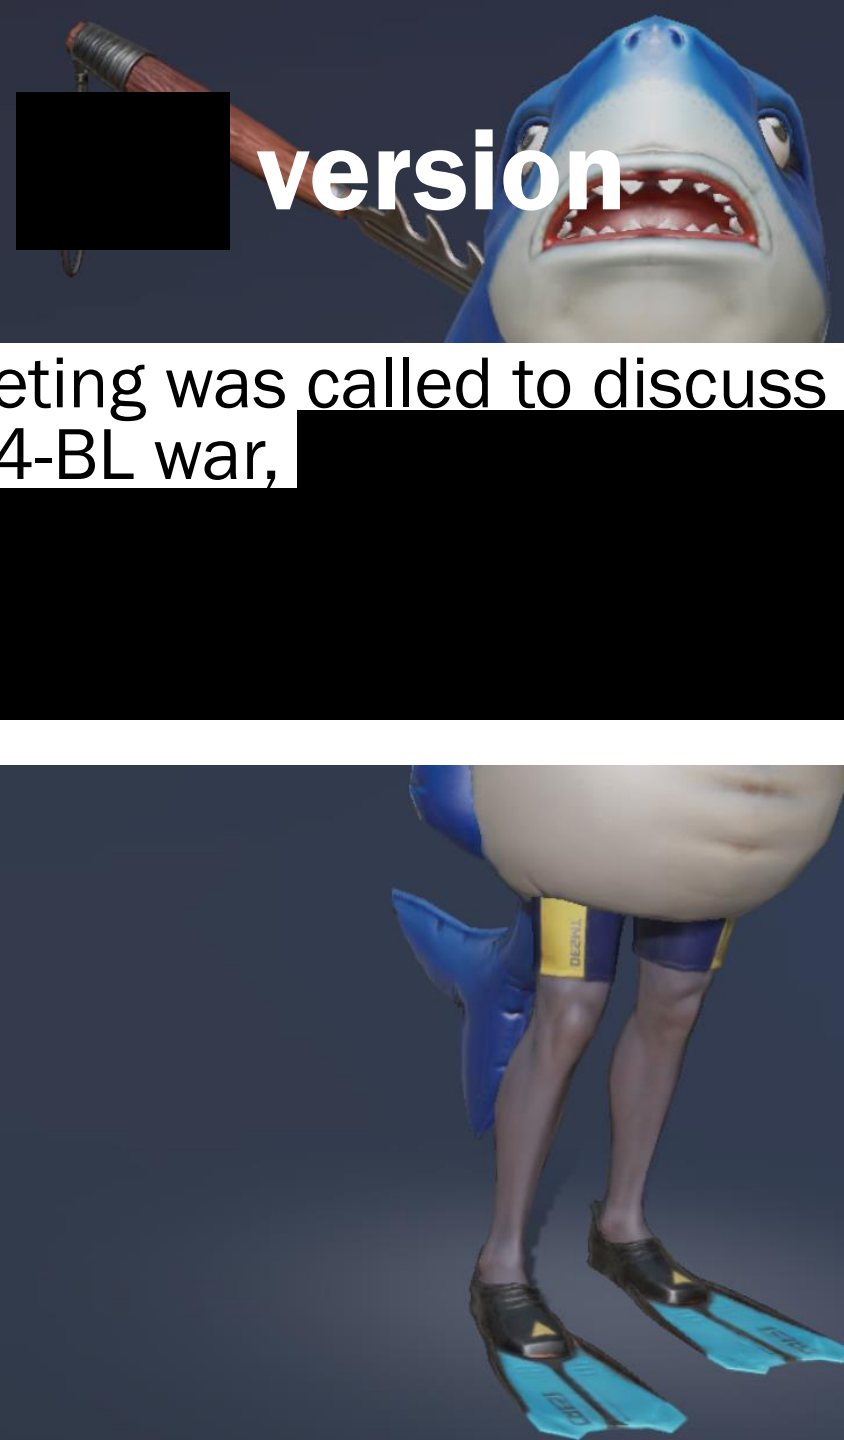

The [REDACTED] version

[REDACTED] BL trying to run Encore without consenting the other clans, and [REDACTED] Guild and Exiled# were being pushed out.

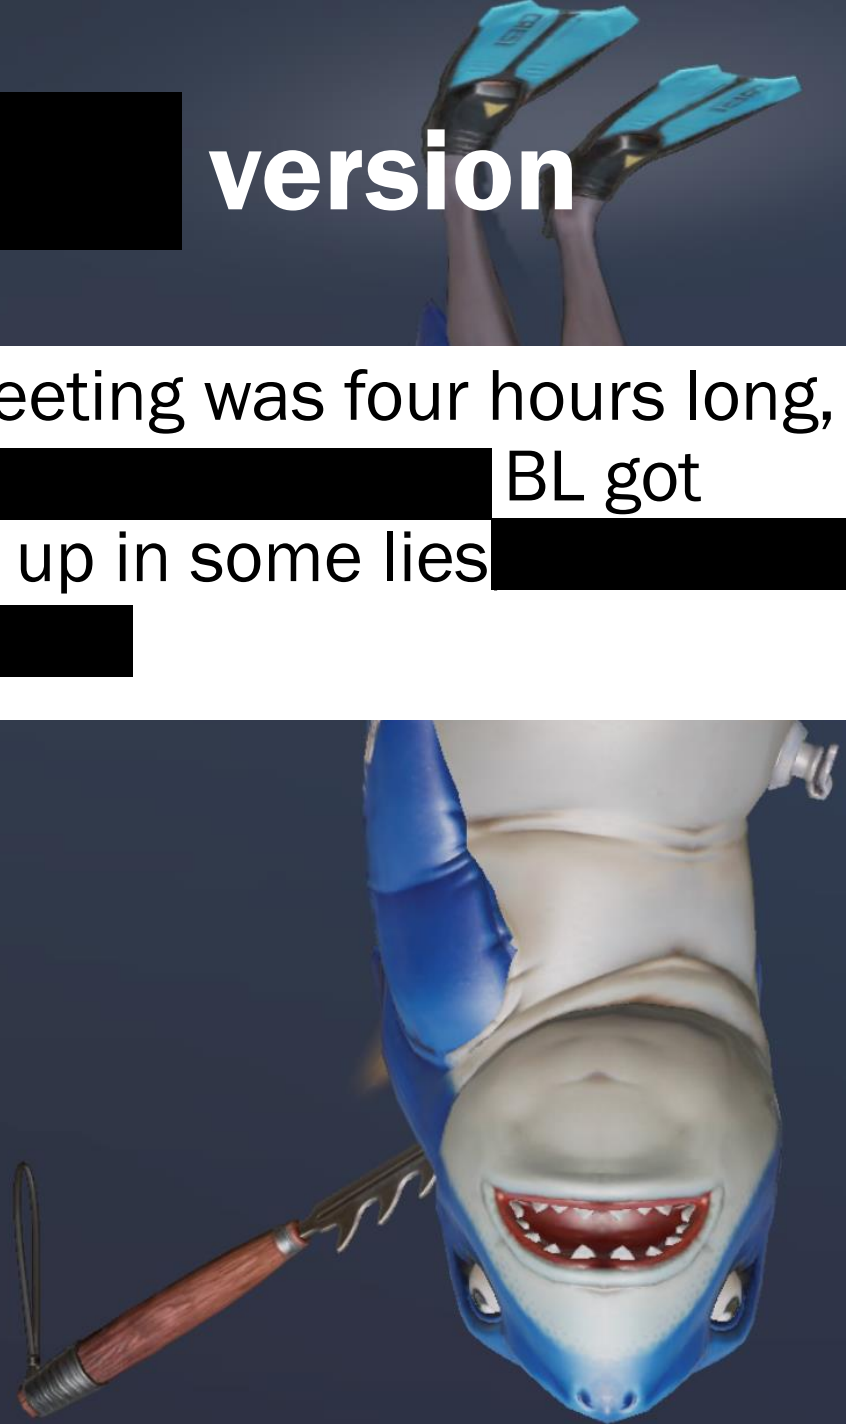

The [REDACTED] version

A meeting was called to discuss
the F4-BL war, [REDACTED]

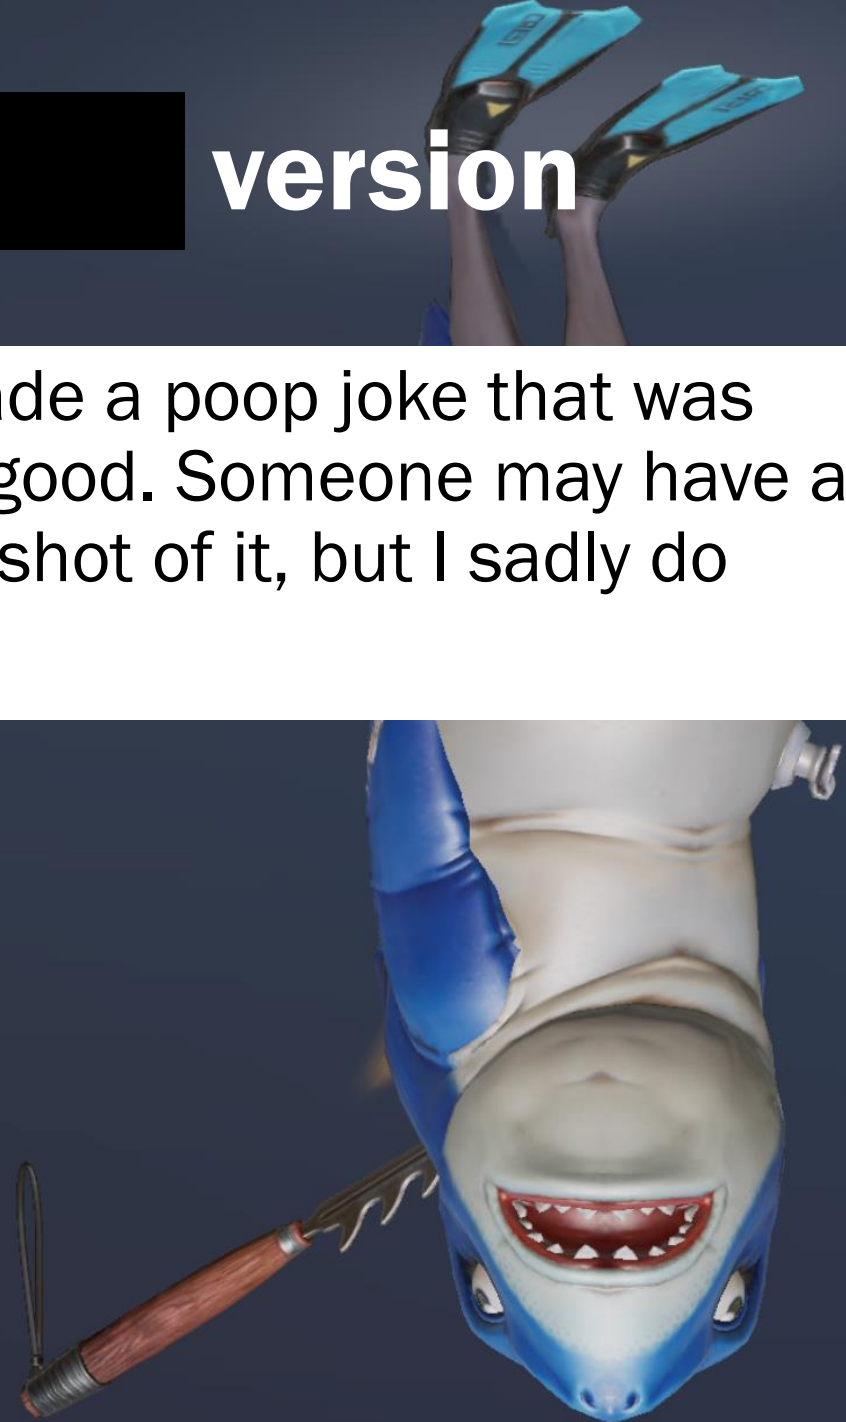

The [REDACTED] version

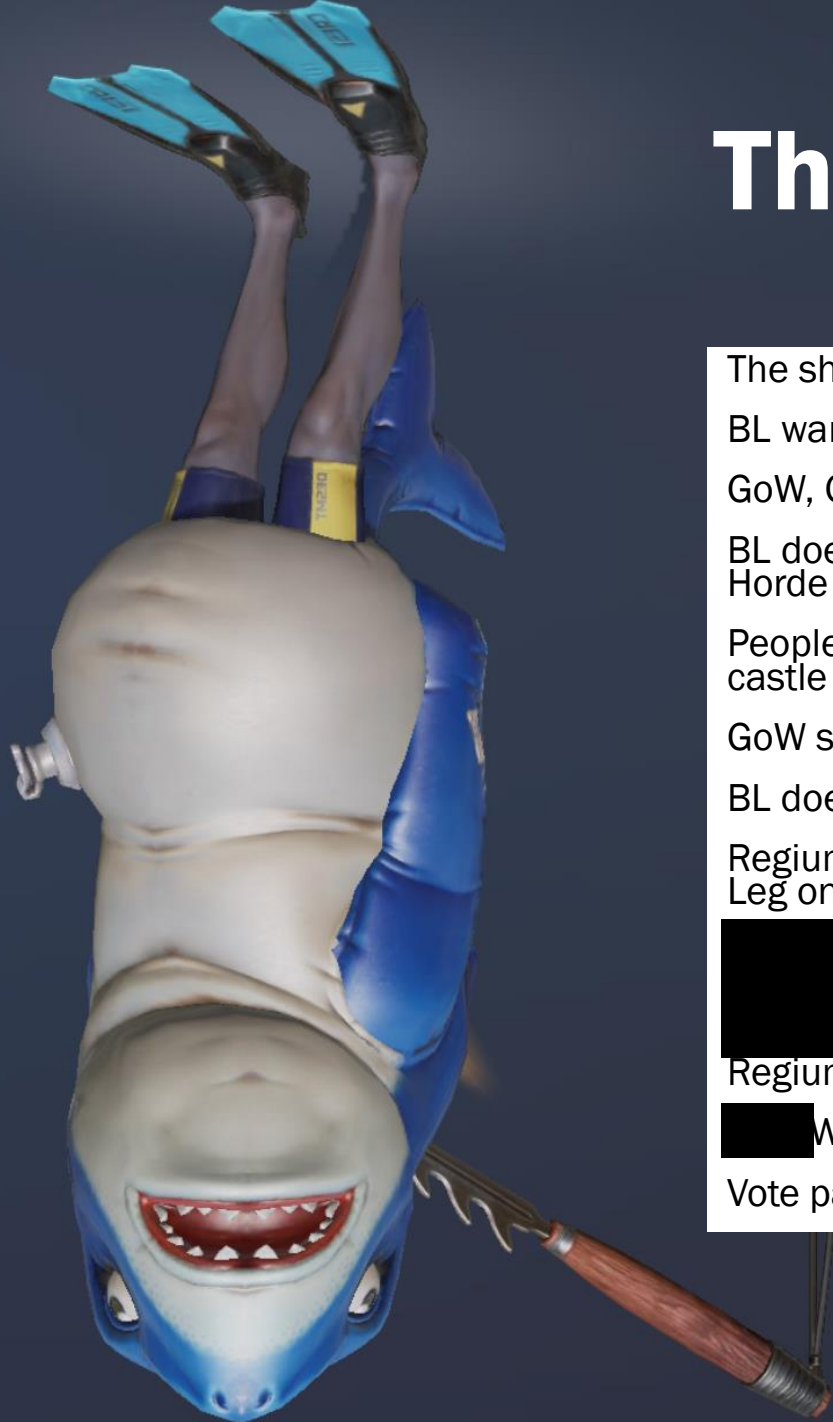

This meeting was four hours long,
and [REDACTED] BL got
caught up in some lies [REDACTED]
[REDACTED]

The version

Rin made a poop joke that was pretty good. Someone may have a screenshot of it, but I sadly do not.

The [REDACTED] version

The short version of the meeting is:

BL wants war with F4

GoW, Guild, Exiled# offer neutrality

BL doesn't accept that, and instead BL wants to fight F4 and Horde – three-way server

People get mad at BL for leaving Exiled# and Guild out of a castle rotation, [REDACTED]

GoW says that they support Encore, for some reason

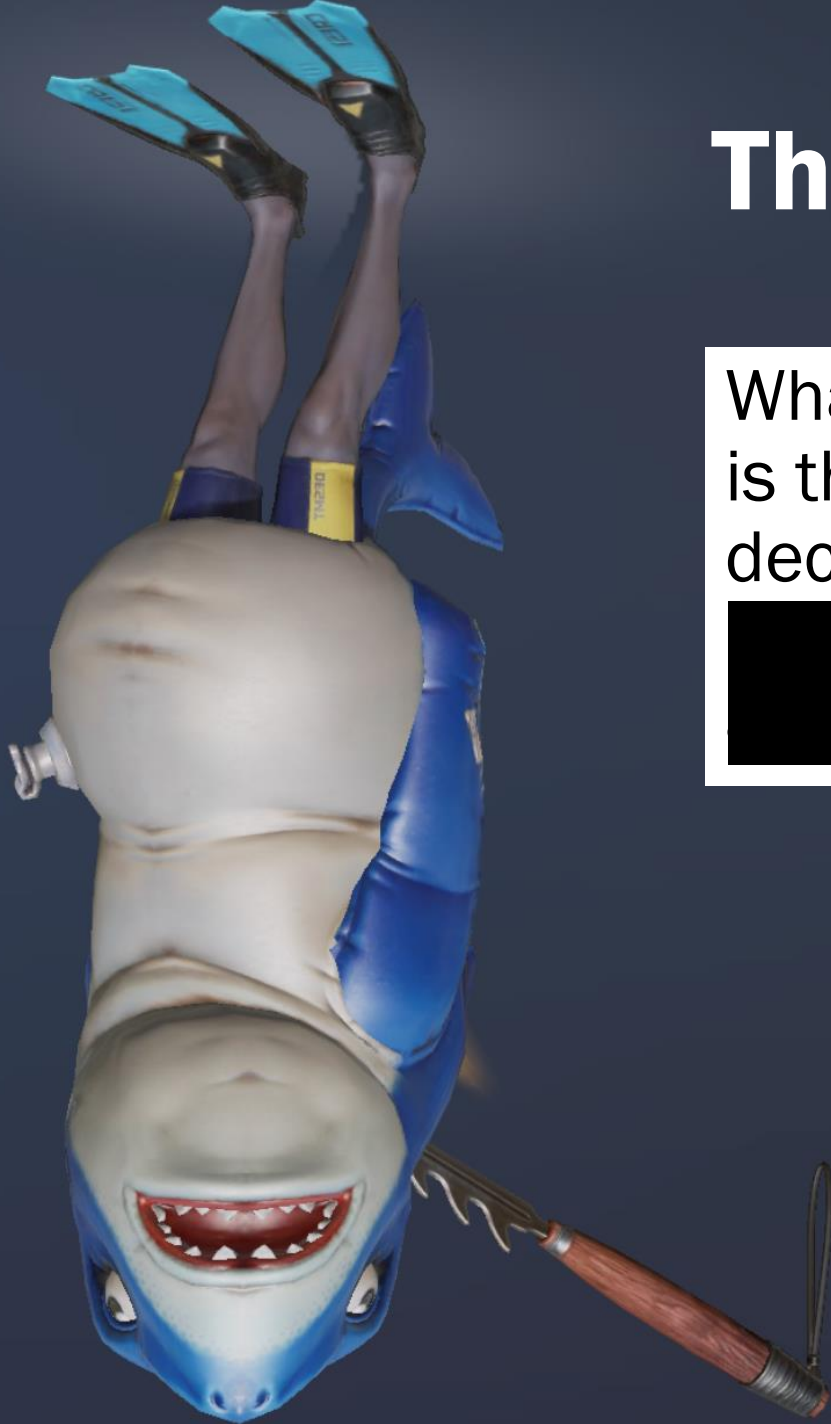

BL doesn't say anything

Regium [REDACTED] shows some screenshots, including the Leg one [REDACTED]

Regium [REDACTED] calls a vote to suspend BL

[REDACTED] Whut, Regium, Illrysea, and XxJessiexX [REDACTED] vote

Vote passes 3:1

The [REDACTED] version

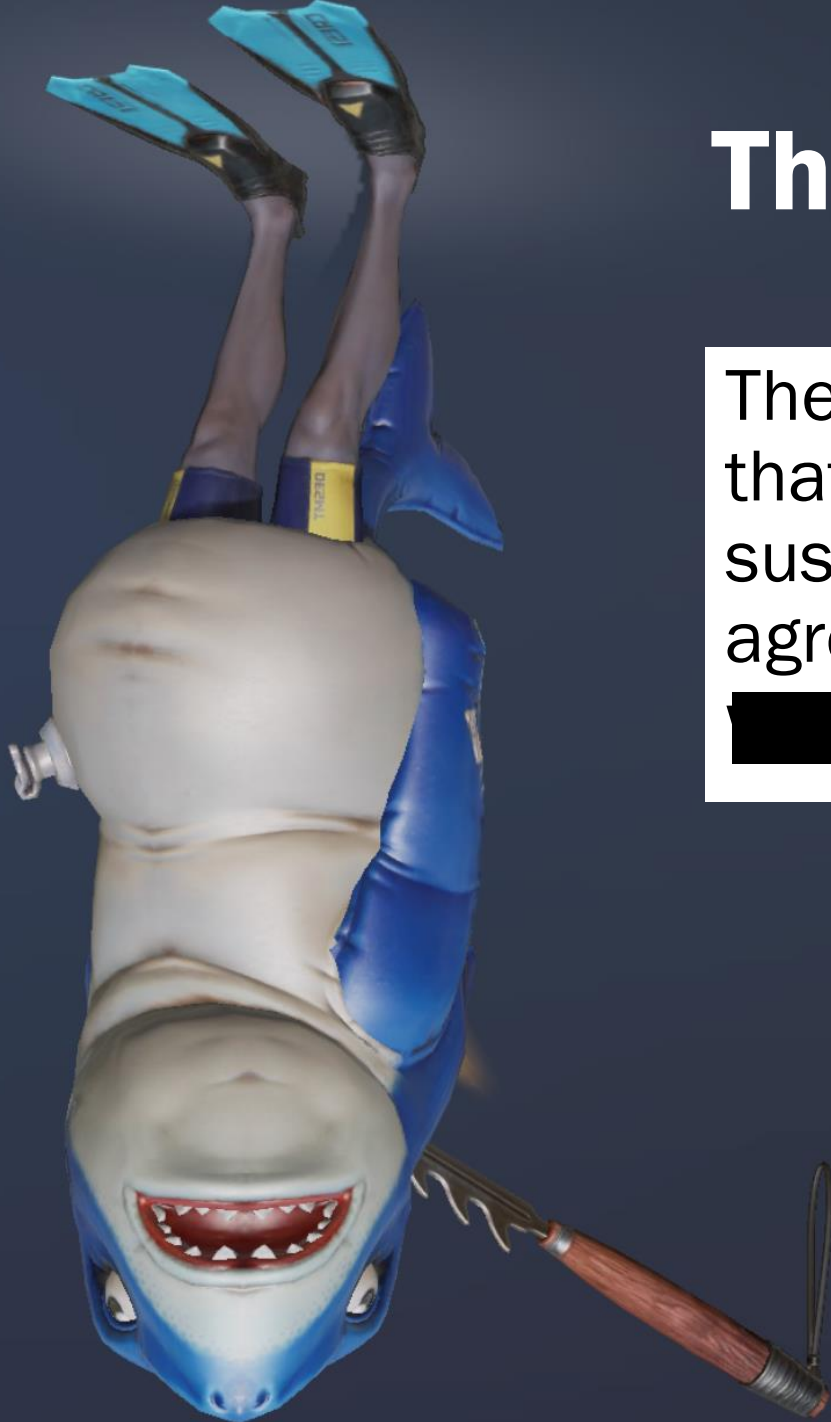

What I learned from that meeting is that it's wrong for Blacklisted to decide things for everyone [REDACTED]

[REDACTED]

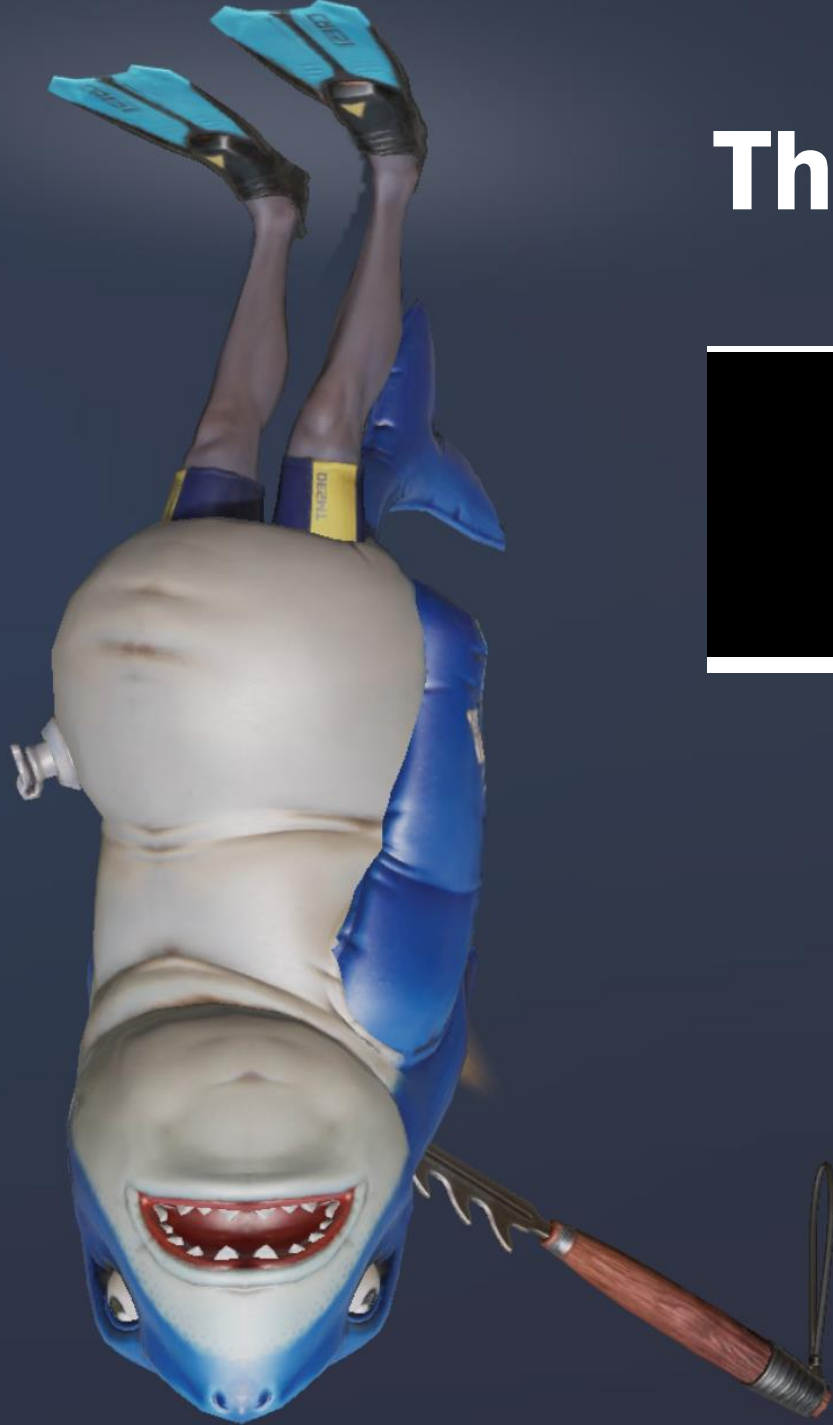

The [REDACTED] version

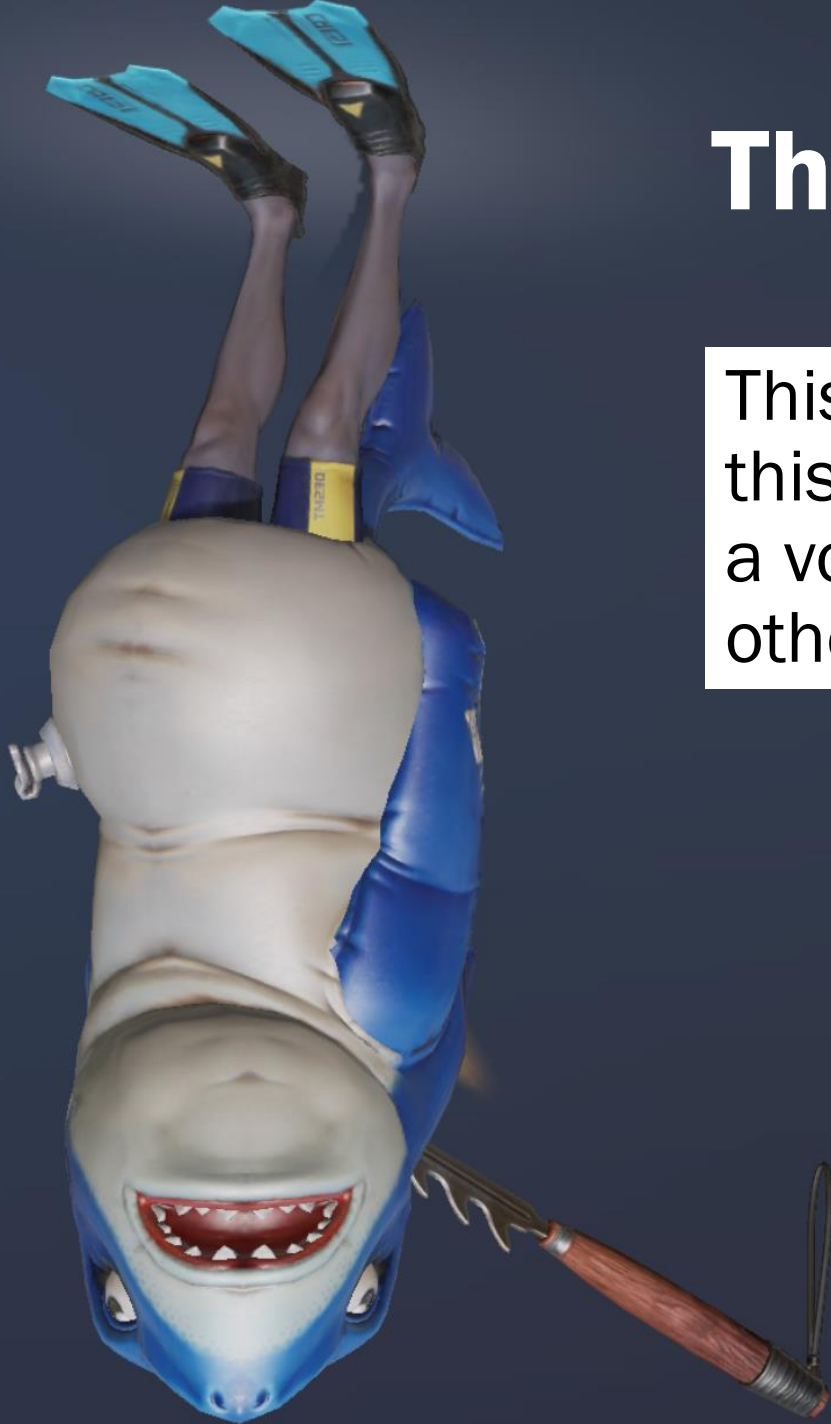

The [REDACTED] version

The officers that were there state that BL were told that the suspension would be lifted if BL agreed to back Encore [REDACTED]
[REDACTED]

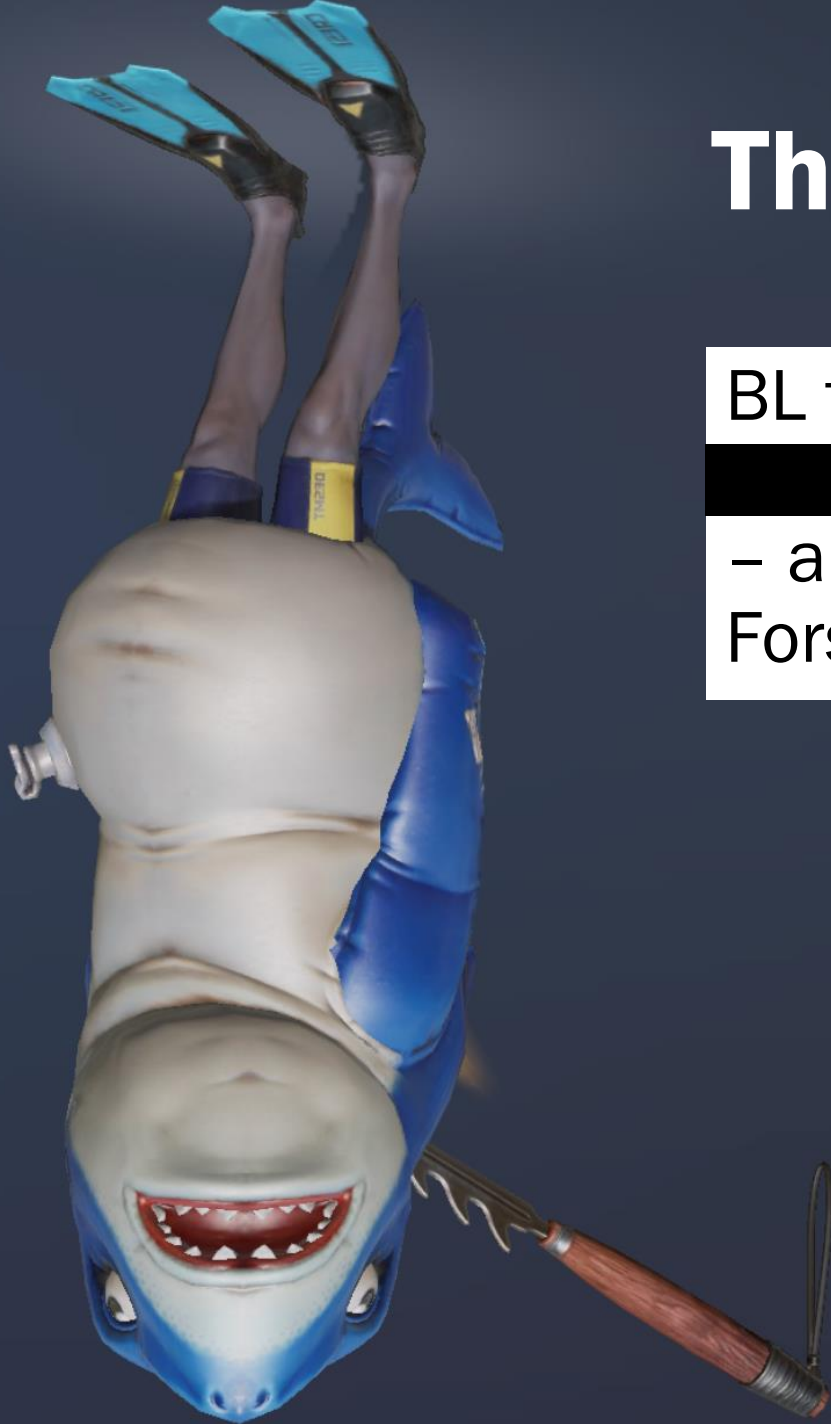

The [REDACTED] version

The [REDACTED] version

This shark holds the belief that this vote to suspend was [REDACTED] a vote [REDACTED] anyone saying otherwise smells bad.

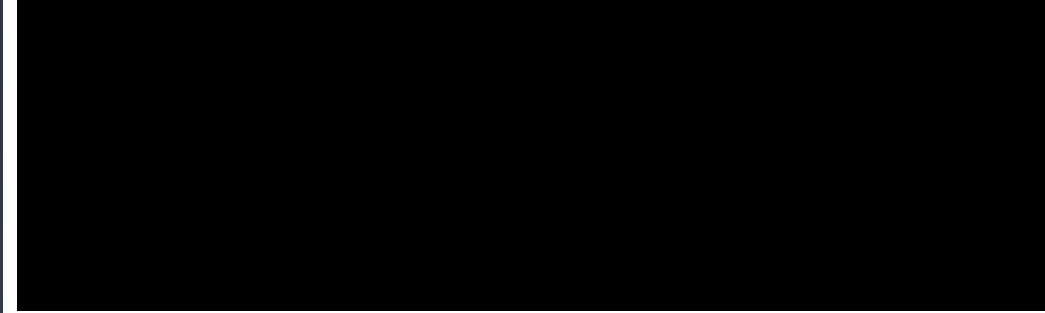

The [REDACTED] version

BL then held a clan meeting [REDACTED]

– and BL voted to leave Encore and ally Forsaken.

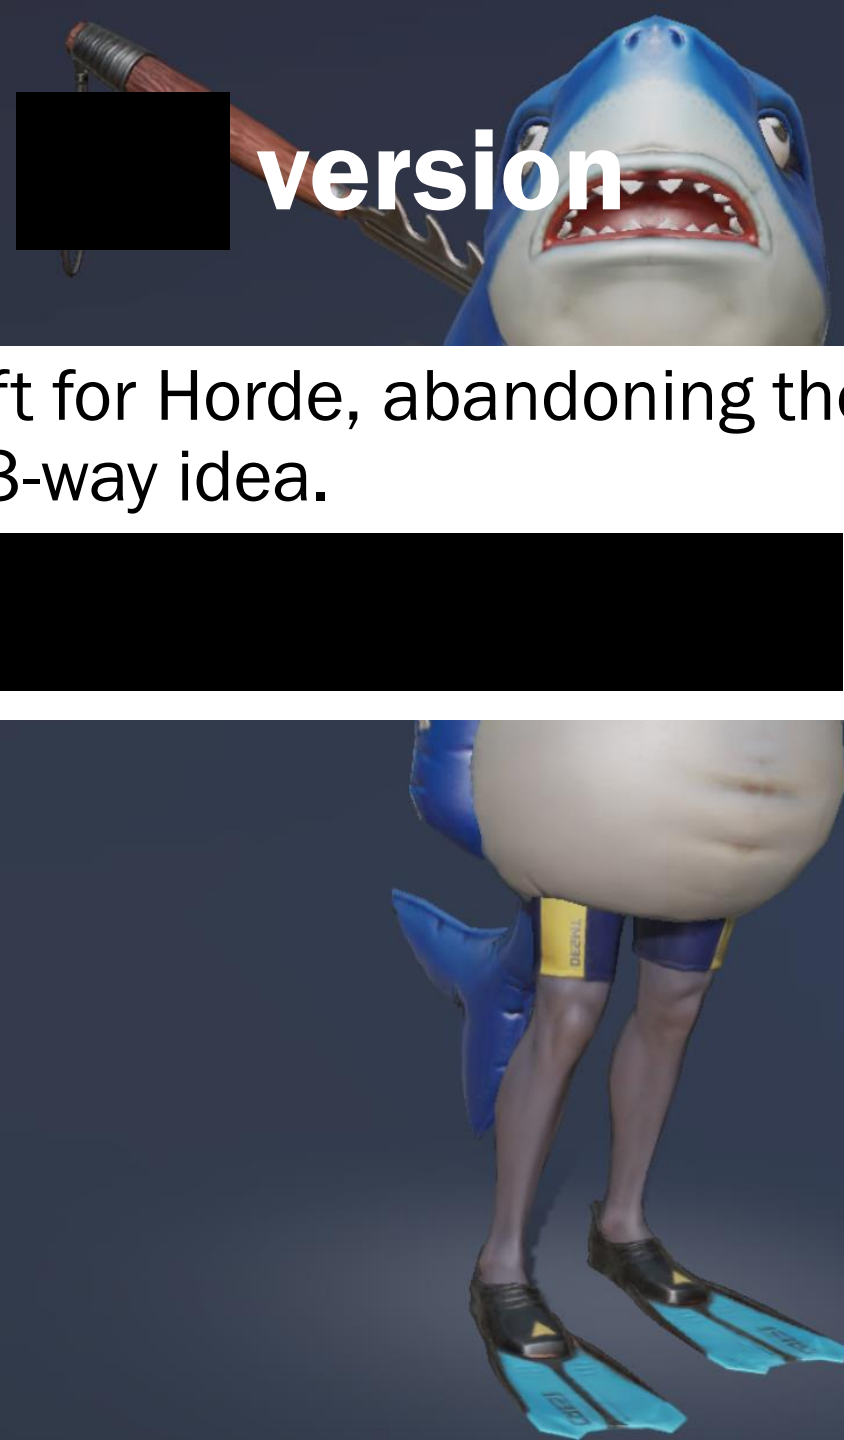

The [REDACTED] version

This vote was [REDACTED] a sign that
BL didn't back Encore [REDACTED]

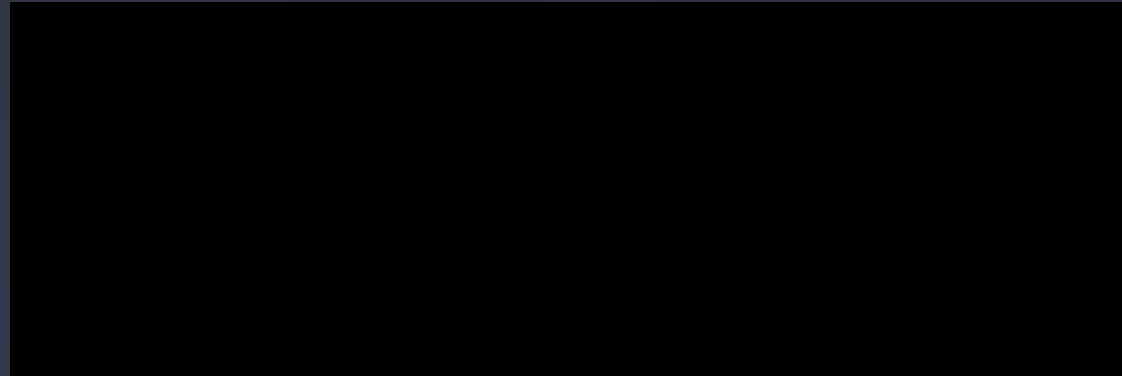

The [REDACTED] version

BL left for Horde, abandoning the cool 3-way idea.

Shit [REDACTED] BL [REDACTED]

Regium had the brilliant
idea [REDACTED]
[REDACTED]
[REDACTED]

Just an excellent idea
right there.

Guild and Exiled# were
[REDACTED] clans, with both of
them [REDACTED]
[REDACTED].

The two [REDACTED] clans merged.

Whut kept on negotiating
with F4, and he kept on

██████████.

Horde

Encore
merged with F4.

As for me, I joined

GoW.

That's it for The Incident.

[REDACTED] shit from this
